

## BEST PRACTICES OF SWARNACHUD COLLEGE, MITRAPUR

2017-18

### 01. EMPOWERING STUDENTS THROUGH SWARNACHUD GROUP

Students are the pillars of a nation. The future of India depends on the quality of rearing & nourishment they receive during their College days. Inspired by such an ideology, Swarnachud College accepts each one as a unique potential to nurture which Swarnachud Group was envisioned as a platform to bring out the latent qualities & talent of each student.

In order to empower and establish a cordial kinship among the Staff & Students, they were divided in three Groups like MOTHER TERESA, VYASAKABI & BOSE. Students, Teachers & Staff from across all the departments were pooled together in these three Groups. As a result, each Group were officiated by 7 to 8 Teachers who acted as Mentors, Guide and Leaders of the students assigned to them. In the Group meetings, the Teachers earmarked the Students according to their talent and prepared them to participate in the Cultural, Sports and Games and other Literary Competitions that were held in the session. During Competitions, the Students actively participated in all the Events with a new infused spirit to win for their Groups. Their zeal and enthusiasm developed beyond imagination. It was as if they got a new lease of life while pursuing their studies. It was a great success for the Institution which was experimented for the 1<sup>st</sup> time. The practice helped in developing a one-to-one relationship among the students as well as the Teachers and the Staff. There was a marked improvement of competitiveness, skill and discipline exhibited during the session. The Empowerment programme culminated in the Annual Day celebration in which the Students, guided by the Teachers displayed their hidden talent on stage and also put up a Food Fest under the programme 'Earn, While You Learn' scheme. The whole experiment was a huge success that was appreciated by the Parents, Alumni & the Students themselves.

### 02. SERVICE TO LOCAL COMMUNITY

Service to local Community is chosen as one of the best practices of the College for the session 2017-18. Swarnachud College, Mitrapur is a rural based College. It is situated by the side of great Swarnachud mountain. Besides, rivers like Sona, Ghagra, Gangahar, Balanga flow by the side of the College. During the rainy season, these rivers often swell with swirling water and the low lying areas are submerged. Thousands of people belonging especially to the low lying villages are left marooned. Similarly as it is a coastal district and lie in close proximity to the Bay of Bengal, twister in Summer and Cyclones in Winter are very common. Countless people fall victim to it each year. Moreover, as it is a hilly area and inhabited by Tribals, severe scarcity of rain causes drought and the inmates suffer due of lack of food. Because of the above reasons, the NSS & the YRC Wing of the College has been rendering immense services to these people during such natural calamities in collaboration with the Lions Club, Mitrapur. Risk and relief operations are undertaken and food packets are supplied to the victims. These operations are carried out over a week or fortnight, sometimes twice or thrice a year.

The Institution not only stands for the educational development of the area, but also reflects its Institutional responsibility through its philanthropic agenda carried out with a sense of service to the local inhabitants.
